Ron,

Thanks for the insurance information.

You have my approval for your event. You do not need a permit because your event will have less than 50 participants.

Feel free to use this email as your approval.

Thanks,

Hello Josh,

Attached is the insurance certificate from Ron with the Orienteering Club.

Below you'll see he has a question about a special use permit for the two upcoming events. Will he need to complete anything in advance for these events?

Thanks,

Adam Rouse.
