8. The holder shall maintain the improvements and premises to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the authorized officer. The holder shall fully repair and bear the expense for all damages, other than ordinary wear and tear, to National Forest System lands, roads and trails caused by the holder's activities.
9. The holder has the responsibility of inspecting the use area and adjoining areas for dangerous trees, hanging limbs, and other evidence of hazardous conditions, which would pose a risk of injury to individuals. 19. Pursuant to 31 U.S.C. 3717, et seq., interest shall be charged on any fee amount not paid within 30 days from the date the fee or fee calculation financial statement specified in this authorization becomes due. Payments will be credited on the date received by the designated collection officer or deposit location. If the due date for the fee or fee calculation statement falls on a non-workday, the charges shall not apply until the close of business on the next workday.

Disputed fees are due and payable by the due date. No appeal of fees will be considered by the Forest Service without full payment of the disputed amount. Adjustments, if necessary, will be made in accordance with settlement terms or the appeal decision.

If the fees become delinquent, the Forest Service will:

Review of accounting books and supporting records shall be made at dates convenient to the holder and reviewers. Financial information so obtained shall be treated as confidential as provided in regulations issued by the Secretary of Agriculture. The holder shall retain the above records and keep them available for review for 5 years after the end of the year involved, unless disposition is otherwise approved by the authorized officer in writing.

In addition, the holder, contractor, or lessee shall be liable for all damage or injury to the identified cultural resources caused by their actions. The holder, contractor, or lessee shall immediately notify the agency Project Administrator if any damage occurs to any cultural resource and immediately halt work in the area in which damage has occurred until approval to proceed has been granted by the Project Administrator after consultation with the Forest Archeologist. All provisions of the Region 3 Cultural Resources Damage Assessment Handbook are incorporated by reference herein.

25. Native American Grave Protection and Repatriation Act (X003RO). Pursuant to the Native American Grave Protection and Repatriation Act (NAGPRA) 25 USC 3002(d); 43 CFR Part 10.4, if any human remains, funerary objects, sacred objects, or objects of cultural patrimony are discovered during the course of ground disturbing activity, the holder will immediately cease activity in the area of the discovery and will make a reasonable effort to protect the remains and objects. The holder will provide immediate telephone notification of the discovery to the Forest Service and will follow up with written confirmation to the authorized officer. The holder will not resume the activity that resulted in the discovery until the authorized officer gives written approval. Approval to resume the activity, if otherwise lawful, will be given thirty (30) days after certification by the authorized officer of the holder's written confirmation of the discovery, or at any time that a written binding agreement is executed between the Forest Service and the affiliated tribes adopting a recovery plan for the remains and objects.

26. Nondiscrimination (B-1).

1. The holder and its employees shall not discriminate against any person on the basis of race, color, sex (in educational activities), national origin, age, or disability or by curtailing or refusing to furnish accommodations, facilities, services, or use privileges offered to the public generally. In addition, the holder and its employees shall comply with the provisions of Title VI of the Civil Rights Act of 1964 as amended, Section 504 of the Rehabilitation Act of 1973, as amended, Title IX of the Education Amendments of 1972, as amended, and the Age Discrimination Act of 1975, as amended.

2. The holder shall include and require compliance with the above nondiscrimination provisions in any third-party agreement made with respect to the operations authorized under this permit.

3. The Forest Service shall furnish signs setting forth this policy of nondiscrimination. These signs shall be conspicuously displayed at the public entrance to the premises and at other exterior or interior locations, as directed by the Forest Service.

4. The Forest Service shall have the right to enforce the foregoing nondiscrimination provisions by suit for specific performance or by any other available remedy under the laws of the United States or the State in which the violation occurs.

27. Equal Access to Federal Programs (B-2).

In addition to the above nondiscrimination policy, the holder agrees to ensure that its programs and activities are open to the general public on an equal basis and without regard to any non-merit factor.

28. Insurance, Commercial General Liability (B-10).

INSURANCE. The holder shall furnish proof of insurance, such as a certificate of insurance, to the Authorized Officer prior to issuance of this permit and each year thereafter that this permit is in effect. The Forest Service reserves the right to review the insurance policy and require any changes needed to ensure adequate coverage of the United States in connection with the authorized use and occupancy. The holder shall send an authenticated copy of any insurance policy obtained pursuant to this clause to the Authorized Officer immediately upon issuance of the policy. The holder shall give 30 days prior written notice to the Authorized Officer of cancellation of the insurance policy by the holder or any

modification to the insurance policy by the holder. Additionally, the holder shall immediately notify the Authorized Officer of cancellation of the policy by the insurance company. The certificate of insurance, the authenticated copy of the insurance policy, and written notice of cancellation or modification of insurance policies should be sent to Prescott National Forest, 344 S Cortez St. Prescott, AZ 86303. 2. Depending on the holder's operations, the Forest Service may require the holder to demonstrate the availability of funds to address any release or threatened release of hazardous materials that may occur in connection with the holder's use or occupancy. Any requirements imposed would be established on a case-by-case basis by the Authorized Officer based on the degree of environmental risk from the holder's operations. The storage and use of normal maintenance supplies in nominal amounts generally would not trigger financial assurance requirements.

29. Advertising (X-30).

The holder, in advertisements, signs, circulars, brochures, letterheads, and like materials, as well as orally, shall not misrepresent in any way, either the accommodations provided, the status of the authorization, or the area covered by it or the vicinity. The fact that the permitted area is located on the National Forest shall be made readily apparent in all of the holder's brochures and print advertising regarding use and management of the area and authorized facilities.

I have read and understand the terms and conditions and agree to abide by them.

Table 2 – Trails and roads used for Bike orienteering

4. Location (**attach map**): There are four areas that will be used for foot orienteering. Bike orienteering can cover a larger area than any of the foot orienteering maps, and the bike orienteering region is bounded by the total region for the three smaller foot orienteering areas.

Area 1 – Spence Creek (Bradshaw District). Northwest of Thumb Butte, west of Emmanuel pines camp--see map “Area 1 - Spence Creek.jpg”. Parking is in the large clearing on Tr332 (railroad grade) about ½ mile south of the Iron Springs 332 trailhead. The competition area is south of Iron Springs road, and is bounded by green dashed polygon on the map. Area 1 is used on the dates shown in Table 1 above.

Area 2 – White Rock (Bradshaw District). Centered around the White Rock trailhead (Thumb Butte road 1.5 miles west of Thumb Butte Recreation area). See the map “Area 2 - White Rock.jpg.” Parking is at the White rock trailhead.

Area 3 – West of Thumb Butte, centered on the Butte Creek (Potts Creek) basin (Bradshaw District). Parking and start area are at the intersection of Thumb Butte road and FR51 (Big Alligator Juniper). See the map “Area 3 - Big Juniper.jpg” for planned locations for foot orienteering.

For an area map that covers all the bike orienteering trails in the Bradshaw District, see the file “Bike-o_overall_area.jpg.”

Area 4 – Mingus Meadows (Verde District). An area on the plateau to the northeast of Hickey Mountain extending east to near the Potato Patch campground. See the map “Area 4 - Mingus Meadows.jpg” for planned area for foot orienteering. Note that the orienteering course will avoid excessively steep slopes as well as the Potato Patch campground.

Area 5 – Schoolhouse Gulch (Bradshaw District). This area is south of Goldwater Lake, west of Senator Highway. Parking is at the west end of Trail 62 (east end of Trail 396). The start/finish is located in a clearing on the corner of Schoolhouse Gulch road and Senator highway (see “Schoolhouse Gulch.kmz” for Google Earth visualization). The competition area will avoid private land as indicated in magenta shading on the map “Area 5 - Schoolhouse Gulch.pdf”

Area 6 – Blowout Creek (Verde District). An area just west of the Cottonwood Airport and south of the Clarkdale campus of Yavapai College. Parking and start/finish is on the Yavapai college campus (not on National Forest property).

5. Number of acres needed: The start areas only need area for parking and for two tables and canopies. The map areas for competition cover large areas. Area 1: Usable portion of the attached base map is less than 800 acres. Areas 2, 3 and 5: Each covers a large area comparable to Area 1. We can compute a more precise acreage for these areas if required. Area 4: The usable portion of the course area will be less than the ~1800 acre area outlined in the file “Area 4 – Mingus Meadows.jpg.” For Bike orienteering, the area used for competition is only along the designated biking trails.

6. Planned number of participants: JROTC: <300 per event; GPHXO: <50 per event

7. Number of spectators anticipated: 5 Maximum number: 10

8. Duration of event (include pre/post event set-up days): Daytime events are usually 5 hours in duration, with 2 additional hours for control marker removal. Night events are usually 2-3 hours; For setup, control markers are placed the week before the event, and are usually removed by the day following the event. JROTC events use commercially delivered port-a-johns, and access is need a few days before and after JROTC events to set up/retrieve equipment.
